

THE UNITING
PRESBYTERIAN
CHURCH
IN SOUTHERN
AFRICA

11th August 2021

TO: ALL THE UPCSА PRESBYTERIES AND CONGREGATIONS

CHANGE OF EMAIL ADDRESSES

Dear All

Please take note that the UPCSА has changed email service providers and, as such, the email domain has also changed, thus causing a change of all the email addresses.

Any email address for example: gensec@presbyterian.org.za will now be gensec@unitingpresbyterian.org as from the end of this month. That means the presbyterian.org.za is now replaced with unitingpresbyterian.org in all the addresses. The first part of all the email addresses still remains the same (e.g. [gensec](mailto:gensec@unitingpresbyterian.org) in the example above)

The new email addresses are already working. So, you may start to use them now already. If there is any Presbytery or Congregation or person who is using an email address currently on the UPCSА domain, please contact Ms Christine Kasambara (gensec@unitingpresbyterian.org) or Ryan Johnson (generaltreasurer@unitingpresbyterian.org) to obtain your new email address, password and credentials on setting up the new email account.

Yours in Christ

Rev Dr Lungile Mpetsheni
GENERAL SECRETARY UPCSА
