How Parents, Guardians and Applicants

Should be in the same position when of final

The Professional Educational Institute (PEI) has announced for 2022 the use of the PEI computer application to help the parents, guardians and applicants in their application with the help of our new electronic PEI application system.

The PEI's e-application form, as announced can be followed by those already mentioned by the e-mail address and should be processed in such a way that the user has to fill in the form online and should be verified and submitted via the PEI portal. It also means that the user must download the PEI application form to their device. Please use the PEI portal to download the form. There are some important considerations here. Parents, guardians and applicants will only use the PEI portal for the application and will not be able to access the information of our electronic application system. Users should be aware of the security and confidentiality of our electronic application system.

There are three steps which you must follow in the process of completing the form, written as all applicants. These are: **Application for Bursars**, **Application for Bursars**.

- 1. APPLICATION FOR BURSARS** - Application for Bursars form (you need to fill in **2022** and **2023**)
- 2. APPLICATION FOR BURSARS** - Complete all questions on the form carefully about
