PEACEMAKERS: HIGHLY FAVOURED CHILDREN OF GOD

Matthew 5:9 *Blessed are the peacemakers, for they will be called children of God.*

Peace is a nature of God. Prince of Peace, the only begotten Son of God sits to teach the multitude, and amidst His teachings, He pronounces; peacemakers are highly favoured such that they will be called children of God. According to this teaching, peace is not earned but made; but making peace earns the status of being called children of God.

Who are peacemakers?

These should be people who walks into a conflicting situation and do the best they can to sort peace and harmony between the differing patties. These should be people whom when lobbied to cause havoc and confusion, will do the best they can to correct the lobber into a peaceful behaviour. These should be people who quickly repent and ask for forgiveness upon realising their faults. These are people who will advocate for the truth without bullying others, but doing their best to convince them to see what they may be missing; and the truth should be thoroughly discerned, for my truth may not be the real truth. These are peace ambassadors, and will therefore earn the great status of being called children of God, and shall be called the Blessed and most favoured.

May the Good Lord God, the God of peace, help us to be ambassadors of peace.

Amen
