Group Bible Study Guidelines

45 minutes Group Discussions & 15 minutes Summary

- 1.** Meet in your Insaka Groups, according to the allocated devotion time in GA programme. Please observe time. Start on time and end on time.
- 2.** Make sure there is someone facilitating the discussions. You may choose to rotate facilitators for each day.
- 3.** Start with prayer, then read the scripture passage. If the text is long, divide it into two or three portions of readings and allow two or three people to read each portion.
- 4.** Use the questions above to lead the discussions. Please allow participation of everybody (that is the purpose of this Bible study, to make sure everybody participates).
- 5.** Avoid the temptation to preach or lecture (especially those of you who are preachers!) – DISCUSS.
- 6.** Try to give practical perspectives and examples – let the text come alive in your own contexts.
- 7.** Before you end the discussion, take time for reflection. What have you discovered? What has been re-enforced from what you have heard before? What is the Lord saying to you and to the entire Church? What are the new learnings of the day?
- 8.** Close with prayer as a group. Time to join the larger body of the General Assembly.
- 9.** Use the reflections in your decision-making time and discussions of the General Assembly debates. The Bible study outcomes should influence our thinking throughout the day and the week of Assembly seating.
- 10.** Chaplains will give a summary prior to the start of the General Assembly business of the day.
